2. The grant of Rs.7.35 lakhs provided in the Budget for reconditioning of roads is required for the purpose only. Besides, making an advance of Rs.4 lakhs to the emulsion plants from this grant involves complications in accounting and difficulty in keeping a watch over the recovery of the advance.

3. I therefore, suggest that an advance of Rs.4 lakhs may be sanctioned to the Bitumen Emulsion plants independently of the grant of Rs.7.35 lakhs.

Sir,

Sub: Funds required for meeting the bills of Messrs. Burmah Shell Oil Storage & Distributing Co. of India, Limited, Madras.

I have the honour to state that a reference was made to the Secretary to Government Public Works Department, Bangalore, regarding the allotment of funds required for meeting the bills of the above firm. In his letter No. PW-167-68 dated 12th July 1944, he has stated that the above reference has been referred to you for disposal.

Spramex to the extent of Rs. 1,92,881/11/- has already been supplied by the said firm and according to the terms of payment agreed to, the bill is due for payment on the 23rd August 1944. I request you therefore to kindly obtain immediate orders of Government regarding the Grant of Rs. 4,00,000/- to the Bitumen Emulsion Plants out of the Grant of Rs. 7,35,000/- that has been provided in Public Works Department Budget for re-conditioning the roads of Military importance.

I may add in this connection that the firm have allowed us reduction on supplies of spramex to the extent of Rs. 9,540/- in respect of the recent release of spramex by the Government of India by reducing the rate on 265 tons from Rs.260/- to Rs.224/- per ton and it seems reasonable that prompt payment of bills should be arranged.

I request the favour of your kindly obtaining very early orders of Government in the matter.

I have the honour to be,
